

Pavilions

A place to gather

Pavilions

A place to gather

For those who appreciate being outdoors and love gathering with friends and family, a pavilion is the perfect solution. Your outdoor pavilion is the ideal spot for enjoying a leisurely breakfast, barbecuing with friends, or sitting around the fire pit in the evening and watching the sun set.

On the Cover

Manor

- ▶ Size: 12' x 16'
- ▶ Rectangle Cupola with Glass
- ▶ Electrical Package
- ▶ White Vinyl
- ▶ Twilight Gray Shingles

Designs

Once our pavilions have been designed and engineered, they are then handcrafted using the finest materials and attention to the smallest details. Choose from a variety of styles, colors, and sizes to create the pavilion of your dreams.

Manorpages 2-5

Expand your outdoor living space with our vinyl Manor Pavilion. All load-bearing structural components are premium grade southern pine encased in heavy-duty vinyl.

Hampton.....pages 6-7

Like the Manor, the vinyl Hampton is constructed from yellow pine encased with vinyl. The Hampton design adds 10" tapered vinyl columns, 12" overhang, and a continuous arched header beam for a graceful appearance.

Keystonepages 8-9

For those looking for a rustic look and feel, the Keystone, with its wood construction, is a great choice. The Keystone is crafted using hand-selected premium grade yellow pine. Glu-laminated 5x5 posts, decorative corner braces, and heavy timber beams ensure that it's built to withstand high winds and heavy snow loads.

Commercial Wood Pavilions.....pages 10-11

Ideal for large gatherings...parks, schools, churches, and even as a centerpiece for developments.

Octagon and Oval Manor Pavilions..... pages 12-13

Add style and class to your park or outdoor space..

Your dream pavilion awaits you!

Manor

Your vinyl manor gives you an unobstructed view of your surroundings while providing shade to entertain friends.

Enjoy the view!

- ▶ Oval Cupola
- ▶ Musket Gray Metal Roof

◀ Victorian Manor Pavilion

- ▶ Size: 30' Octagon
- ▶ Victorian Cathedral Roof
- ▶ 8" Square Fiberglass Columns
- ▶ Classic Green Metal Roof

Standard Quality Features

Manor Pavilions feature a generous 12" overhang on all four sides, vinyl soffit and white PVC Royal S4S trim board. White PVC Royal S4S trim board is used for the soffit, beam trim, post caps and fascia board. This trim is the only trim that matches the PVC vinyl columns, plus it has a smooth edge with a slight radius. It cleans easily, unlike some trim boards with rough edges that make them difficult to clean when they get dirty. The beam trim has a hidden fastener system so you won't see screws or brad nails on the outside of the beam trim.

12" Overhang

Hidden Fastener System

Our Pavilion Design and Quality is "Simply the Best" in the Industry!

Keystone Pavilions also feature a 12" overhang on all four sides. We use #1 clear grade pine treated wood throughout. The structural strength of pine is far superior to other wood species. It is kiln-dried after treatment, resurfaced on all four sides and given a 1/4" radius, then sanded to a smooth finish. If maintained with stain or paint, it will hold its natural beauty for years to come.
